\$195.  
If you prefer buying New Piano come and see the STEIFF. We have the stock to select from. You buy direct from manufacturer.  
Liberal terms, regular prices.  
Monticello Building, Granby Street.  
Write postal for our special price list.

New Pastor Installed.

Rev. George W. Lawson was duly installed as pastor of the Park Place Presbyterian Church at that church at 8 o'clock Sunday night by a commission appointed from the Norfolk Presbytery, composed of Rev. E. B. McCluer, of the Park Avenue Church, Brambleton, and Rev. R. B. Eggleston, of Court Street Presbyterian Church, Portsmouth. The services, which were very interesting, were presided over by Rev. E. B. McCluer, who delivered the charge to the congregation. The installation sermon was preached by Rev. R. B. Eggleston. A large congregation witnessed the ceremony.

Will Attend the Retreat.

The Rev. Fathers Doherty and Frioll, of St. Mary's Catholic Church, left Sunday evening via the Norfolk and Washington Steamboat Line for Georgetown, D. C., where they will attend a retreat, which is held every year at the Georgetown College. During their absence there will be no services at St. Mary's Church. Priests from all over the country will attend the retreat, which lasts one week. The two Norfolk divisions will return here next Saturday night.

## OSTEOPATHY

New School of Medicine that Has Recently Arisen.

Secretary of the Board of Trade and Business Men's Association, Queried in Regard to Osteopathy in the Norfolk Section.

That a new school of medicine has arisen and one probably never heard of by over ninety per cent. of the people of the Norfolk section was brought to the attention of a Virginia-Pilot reporter yesterday as, in his daily rounds, he dropped in on Secretary E. E. Dawes at the rooms of the Norfolk Board of Trade and Business Men's Association. Mr. Dawes almost daily receives letters from business and professional men, housekeepers and laborers, who desire to better themselves in a worldly way, and having heard of Norfolk's increasing greatness, are naturally attracted to this thriving, hustling center of industrial activity.

Among the inquiries that reached him yesterday was one from a firm of "Osteopaths" located at Huntington, N. Y. The writer desires to know if there is any "Osteopathy" now practicing in Norfolk, together with much other information usually desired when a change of location is contemplated. He also states that several Norfolk people have written him asking him to locate here.

Neither Mr. Dawes nor the Virginia-Pilot is aware that any "Osteopathy" is practicing in this city. If there is one in Norfolk Mr. Dawes desires to be favored with his address, also with the addresses of all believers in osteopathy residing here.

WHAT OSTEOPATHY IS.

The writer states that osteopathy is a medical science originated and developed by Dr. A. T. Still, of Kirksville, Mo. Of it the seeker for information says: "Osteopathy is a means of curing disease without the use of drugs or the knife by using the fingers to remove any pressure on nerves, arteries or veins, so that the circulation of the fluids and gases of the body will be restored to a normal condition. It is based on a close knowledge of the anatomy, physiology and chemistry of the body. Osteopathic treatment establishes the natural freedom of action of all the forces, fluids and substances of the body and the treatment makes unnecessary very many surgical operations. Among the diseases treated successfully are diseases of the heart and lungs, nervous diseases, general diseases, all diseases of the liver and kidney diseases, all stomach and intestinal diseases, urethral and female diseases. Of the results of osteopathic treatment, the writer makes the following broad claims: "We benefit at least 50 per cent. of all chronic affections abandoned as incurable by other systems of treatment, while 75 per cent. of them we absolutely cure."

STATE REGULATION.  
Of the progress of this new school of medicine the writer says: "By referring to the statutes of eight States, among them Illinois, Vermont, Michigan and Missouri, you will find that the practice is there regulated by law the same as allopathy and homoeopathy. It being a new departure, it is not recognized in every State, but is practiced in most States and will be recognized by statute ere long."

OSTEOPATHIC LITERATURE.  
This new medical science has a journal devoted to its interests, "The Northern Osteopathy," published at Minneapolis, Minn. It is of excellent typographical appearance and filled with articles from the pens of prominent osteopaths. The professional cards in it are also numerous and show that there are many exponents of the doctrines of the new school in diverse States and several colleges where they are taught.

COUNTY DEMOCRATS.

DELEGATES ELECTED AT LAMBERT'S POINT TO COUNTY CONVENTION.  
At a regularly called meeting of the Democrats of Tanner's Creek District, held last night at Lambert's Point, Mr. C. R. Nimmo was elected chairman and Mr. John A. Leuner was chosen secretary.

The following gentlemen were elected as delegates to the county convention: Zion's Church—James Ferguson and E. W. Savage.  
Huntersville—A. C. Cromwell, L. H. Wade and R. T. Webster.  
Cross Roads—A. J. Backus and C. R. Nimmo.

The delegates were authorized to appoint their own alternates.

SENATOR MARTIN ENDORSED.

On motion of Mr. Leuner, the candidacy of Senator Martin for re-election to the United States Senate was unanimously endorsed.

The delegates were requested to support the Hon. M. S. Newbern for the House of Delegates and his past political record in the House was unanimously endorsed.  
The meeting was largely attended, harmonious and enthusiastic.

A Speedy Steamship.

(Baltimore Manufacturers' Record.)  
The steamship firm, which recently loaded cargo at Hampton Roads ports for Europe, is one of the few two-screw vessels carrying freight from Southern cities. She is one of the finest and fastest freight steamships now plying across the Atlantic, and is in the fleet of the Johnston Line.

Richmond and Return.

On account of the International Convention of the B. Y. P. U. the Norfolk and Western railway will sell, on July 11th, 12th and 13th, round trip tickets to Richmond at the rate of \$2.00, good for return passage until July 31st. Apply at ticket office, No. 10 Granby street, or Norfolk and Western depot, C. H. Basley, District Passenger Agent, Jyll-21

Richmond and Return.

Apply at ticket office, No. 10 Granby street, or Norfolk and Western depot, C. H. Basley, District Passenger Agent, Jyll-21

## METHODIST PASTORS.

SYNOPSIS OF PROCEEDINGS OF WEEKLY CONFERENCE.

The Methodist preachers convened in their usual weekly session yesterday morning, with a large attendance of members. Rev. W. H. Edwards, president, called the meeting to order, and prayer was offered by Rev. J. H. Kähler, of the East Suffolk and Magnolia Churches. The following reports were heard from the churches:

Chestnut Street, Berkeley—In the absence of the pastor, Rev. J. W. Order preached Sunday morning and night. Cumberland Street—Rev. H. E. Johnson, D. D. pastor, received one on profession of faith and reported \$59 raised in the Sunday school for missions, due in great measure to the special efforts of Mr. J. E. Fontress' class.

Rev. J. H. Kähler, of East Suffolk and Magnolia, reported that his people had been instrumental in closing seven bar-rooms in his section.

Park View, Portsmouth—Rev. W. R. Proctor reported that he had raised about \$1,300 for the enlargement and improvement of his church and expects to secure the full amount, \$2,000. The work of improvement will begin at once.

Queen Street—Rev. S. C. Hatcher reported a good day. Rev. Chas. I. Stenle preached for him in the morning and raised \$55 for the Union Mission; received one new member by letter at night.

Rev. J. W. Baker, of Oaklette Church, Norfolk county, preached to large congregations at Trinity Church both morning and night.

Epworth—Rev. W. J. Young, D. D., had the usual large congregations and received 20 new members by letter.

Rev. M. L. Chandler was with Rev. J. W. Nicholson, of South Princess Anne Circuit Sunday and preached to the edification of large congregations.

Monumental, Portsmouth—Rev. L. B. Betty reported that he had recently paid off the debt on the Sunday school building.

Rev. R. M. Chandler, of Chestnut Street Church, Berkeley, reported that the congregation had secured a lot on First street, Berkeley, \$5 foot front and 128 feet in depth, for \$4,500, to erect a new church on, and that the entire \$29,000 contributed by Mr. E. M. Tipton was to be expended in building the walls and windows, the lot and interior furnishings to be paid for by the church. He said the plans to be drawn were already in the hands of the architect and as soon as they are received and approved by the committee the work of erection will commence. The total cost of the building will be \$50,000.

Owen's Memorial, Portsmouth—Rev. R. W. Fisher, of the Baptist Church, preached for him in the morning, and Rev. Dr. Wm. Edwin Hall, of New York, at night. He received one new member by letter and one on profession of faith.

Missionary Day.

The missionary exercises at Grace Baptist Church was a most entertaining and successful affair, the very elaborate program published in the Virginia-Pilot being carried out in the main with the exception of the address of Rev. Dr. R. J. Williamson, of Richmond, who could not be present. A missionary sermon by the pastor, Rev. Dr. A. E. Owen, took the place of the address at the morning exercises, which were interspersed with singing and recitations.

At night the missionary cantatas, "The Conquering Cross" and "A Voyage of Life" was rendered in a highly creditable manner by the young people in the presence of a congregation that filled the entire seating capacity of the church. The floral decorations were very handsome, adding harmony to the scene. The sum of \$50 was raised for missions.

OVER A THOUSAND DOLLARS.

More Cash Dividend than Was Ever Paid by Any Other Company Upon a Million Dollars.

The Hecht-Hirschler Co., )  
Wholesale )  
Dry Goods, Notions and Hats, )  
Norfolk, Va., July 6, 1899.  
D. Humphreys, Esq., District Manager,  
Northwestern Mutual Life Insurance Company, Norfolk, Va.:  
Dear Sir:—This is to certify that, on the 17th day of July, 1891, I took out a policy on my life for \$5,000, on the Ordinary or Straight Plan, and have since numbered in the Northwestern 125,001. I have paid this policy, that is, agreed to leave the dividends to accumulate for fifteen years, at the end of which time, my whole share of the surplus or dividends was to be paid me, in one lump sum. I have paid the premium, which is \$20.00, each year, for the fifteen years. In all, I have paid in cash, three thousand and seven and 50-100 Dollars (\$3,007.50). Now, at the end of the fifteenth year, the Northwestern offers me several options, or, gives me my choice of several different methods of settling or continuing the policy. Among them, I have the offer of Seventeen hundred and forty-two and 50-100 Dollars (\$1,742.50) cash dividend, which I have accepted, and which has been paid me. This is over 54 1/2 per cent. upon the whole premiums paid by me. The policy continues in force upon my life for \$5,000, and costs me now, the same premium, less the dividends of about 50 per cent. of each year; and I understand, the cost of this policy will be less and less each year, during the remainder of my life. I could have accepted Fifteen hundred Dollars (\$1,500), being the Legal Reserve, in addition to the Seventeen hundred and forty-two and 50-100 Dollars (\$1,742.50) dividend, making in all Thirty-two hundred and forty-two and 50-100 Dollars (\$3,242.50) in cash, and discontinuing the policy. This option would have been a gain of all premium cash dividend and a net gain of Two hundred and forty-two and 50-100 Dollars (\$242.50). BESIDES FIVE THOUSAND DOLLARS (\$5,000) INSURANCE FOR FIFTEEN YEARS FREE OF COST; but, I continued the policy, and took the cash dividend of Seventeen hundred and forty-two and 50-100 Dollars (\$1,742.50). I don't believe there is any other company in the world that can produce a result equal to this. I have policies in two leading New York Life Companies, but they don't compare with the Northwestern, in paying dividends. I have in all upon my life \$5,000 in the Northwestern, and I only wish the \$5,000 I have in other companies was also in the Northwestern. I consider that a man is wasting precious time and money in taking the policy of any other company, if he can get the Northwestern upon his life. This is the teaching of my experience, and I consent to this being published, only that others may profit as satisfactorily as I have.

Jyll-11

Yours, very truly,

JACOB HECHT.

## IN THE CITY COURTS

Sunday and Monday Dockets in Police Court.

A Much Wanted Prisoner Missing—  
The Hathaway Case Goes Over the Term—The Building and Realty Companies Chartered.

The Sunday and Monday docket was a pretty good thing, all told, though the mercy that tempered justice left some ten or twelve escape the financial-imprisonment net. Of these two were plain, unvarnished drunks; three were suspicious characters, and two were charged with assault.

There were a number of continued cases: Richard Arnold, who loved "not wisely, but too well," until Friday; Henry Upton, whose nimble fingers far outran his morals, or, are so charged, and who assaulted the officer who arrested him, who will answer to-day for his offences; Fritz Yeager, who is charged with embezzlement, to be examined to-day; Wm. Langan, for whom the cup proved too strong for nerves or prudence, who will be examined Wednesday, and E. D. Brodie, who is held for Danville authorities, and will be heard Saturday. These were hold-overs.

The storm majesty of the law was upheld by Justice Tomlin, who fined William Rouden for cutting Dave Williams \$11, which showed no sign of payment received on the estate.

William Henry Harris, for drunkenness and abusive language, was fined \$5.50, and there was no sign of payment on the books.

Otto Naruku and Mary Dorsey, keeping a disorderly house, were fined \$11 each and no cash.

Lawrence Reeves, for shooting Willie Butler (colored) for trespassing on overhauled at or near Lambert's Point, was fined \$16.

Richard Arnoldson, charged by Marcus Spratt with breach of promise of marriage, was bailed till Friday.

MISSING.

E. D. Brodie, the alleged board-bill jumper of Danville, is missing. When his case was called in Police Court he nor his bondsman, William Hendrey, were present. The bondsman is now looking for Brodie; the court looks to Hendrey for the bond, and the Danville officer, now here, looks to the court for Brodie.

There were two pages of cases, and the whole lot only summed up some \$100.

CORPORATION COURT.

Counsel in the case of Hathaway for shooting Lewis asked, and Judge Hancock granted, that the case be postponed till the August term of court.

The case of W. C. Lewis for shooting the negro Malborn comes up to-day.

ADMINISTRATORS.

Mrs. Lella F. Gilmer qualified before Judge Hancock, of the Corporation Court, as administratrix of the estate of her husband, the late Captain James W. Gilmer, under a bond of \$20,000, with the United States Fidelity and Guaranty Company surety. Administrators: W. J. Simmons, J. H. Thompson, J. L. Gordon and Sydney Sherwood. The estate of the deceased is estimated to be worth \$15,000.

NEW CHARTERS.

Judge Hancock granted two charters yesterday. One of these was to the New Park Company, the purposes of which are to buy and sell real estate; to build factories, dwelling and other buildings to be sold on the installment plan, and to lend money on the building association plan. Capital from \$1,000 to \$5,000, to be divided into shares of \$10 each. The amount of real estate to be held is not to exceed \$1,000 acres. Officers: R. P. Gage, president; Thos. Black, vice-president; and D. R. Crocco, Jr., secretary and treasurer. These, with Willard R. Cook and George L. Currier, compose the "Board of Directors."

The other charter was to the Arcade Building Company, the purposes of which are to buy and sell real estate; to improve the same with factories and dwellings, to be sold on the installment plan, and to do a general building business. Capital from \$5,000 to \$10,000, to be divided into shares of \$10 each. The amount of real estate to be held is not to exceed \$1,000 acres. Officers: H. E. Owen, president; W. T. Zepp, vice-president; and on the day, and E. H. Cunningham, treasurer. These, with J. J. Burke and W. H. Grubb, compose the Board of Directors.

PROPERTY TRANSFERS.

The Ghent Company to E. S. Royster, lot fronting 30 feet on the northeastern side of the western end of Warren Crescent, Ghent; \$2,500.

Alexander Dunne to Edward R. Baird, Jr., James B. Heath, Jr., and W. H. Loyal, three lots fronting 25 feet each on the north side of Raleigh avenue, east of Colley avenue, Ghent; \$2,880.

MARRIAGE LICENSE.

A marriage license was issued at the clerk's office yesterday in Charles Edward Drake and Thena Rogan.

An Exciting Runaway.

A pair of horses attached to a carriage, in which Mr. C. H. Brown, of Portsmouth, two ladies and two children were seated, became frightened about 4:30 o'clock Sunday afternoon at the ferry wharf, on this side of the river, and ran at a rapid speed down Water street to the depot of the Norfolk and Western railroad. The carriage was upset, but the occupants were only slightly hurt. The vehicle suffered considerable damage. Mr. Brown, who owned the turnout, secured another carriage from Davis' stables, on Cove street.

Election of Bank Directors.

At the annual meeting of the stockholders of the Citizens' Bank, held yesterday, the following directors were elected: W. H. Peters, J. W. Perry, George C. Reid, W. Charles Hardy, G. M. Serpell, M. D. L. Wrenn, J. N. Williams, G. A. Schmelz, R. H. Baker, Thomas R. Boreland and W. H. Doyle. There will be a meeting of the directors to-morrow to elect officers.

Eyes Examined Free.

Dr. A. Week manager of the optical department of the Gale Jewelry Company will examine your eyes free, defective vision and complicated cases specially invited to call.

## M. &amp; M. LINE.

COMMANDERS, CHIEF ENGINEERS AND THEIR STAFFS.

(From Yesterday's Baltimore Sun.)  
The addition of the two new steamers, Kershaw and Nantuxet, to the fleet of the Merchants' and Miners' Transportation Line has made many changes in the personnel of the commanders and chief engineers and their staffs. Last week the final changes were made. The following is the official list of the officers of the 12 fine steamers now performing service between Baltimore and Boston and Providence and Savannah, including the calls at Norfolk and Newport News:

Albany—Captain, C. W. Billups; first officer, J. S. Higgins; second officer, W. M. Jones; chief engineer, E. J. Gurney; second assistant, Edward McKay; second assistant, M. Woodard.  
Berkshire—Captain, E. M. Eacker; first officer, A. L. Willis; second officer, C. Kirwin; chief engineer, E. E. Calder; first assistant, A. J. Dodson; second assistant, J. Davison.

Dorchester—Captain, Charles James; first officer, F. M. Dow; second officer, I. Freeman; chief engineer, J. O. Reville; first assistant, J. Doherty; second assistant, H. Rudolph.  
Essex—Captain, J. H. Dizer; first officer, T. Hudgins; second assistant, H. Timm; chief engineer, J. W. Pratt; first assistant, W. T. Fairbanks; second assistant, J. V. Hughes.

Gloucester—Captain, D. P. W. Parker; first officer, J. McDorman; second officer, R. L. Moon; chief engineer, G. W. Kennard; first assistant, F. P. Disney; second assistant, C. J. Zimmerman.

Howard—Captain, Z. Nickerson; first officer, W. S. Eldridge; second officer, L. F. Powell; chief engineer, J. P. Sherwood; first assistant, J. E. Graft; second assistant, J. Walker.

Itasca—Captain, J. E. Ryan; first officer, G. D. Robinson; second officer, J. D. Kiley; chief engineer, James Reynolds; first assistant, Charles Curry; second assistant, C. A. Rodgers.

Junonia—Captain, W. J. Bond; first officer, J. H. Diggs; second officer, Thomas Keough; chief engineer, J. H. Hudolph; first assistant, U. G. Ely; second assistant, John Larkin.

Kershaw—Captain, Frank Howes; first officer, John Johnson; second officer, C. L. Warwick; chief engineer, J. R. Kennard; first assistant, R. W. Aymer; second assistant, R. P. Hynes.

Decatur H. Miller—Captain, C. C. Peters; first officer, William Radcliffe; second officer, P. H. Tyler; chief engineer, W. H. Wilson; first assistant, N. A. Hudgins; second assistant, T. Dempsey.

Nantuxet—Captain, John S. March; first officer, A. J. Wherrett; second officer, T. P. Pratt; chief engineer, M. Wood
